

Assisted Living at The Oasis

Assisted Living is ideal for those who need supportive services in their day-to-day lives, but do not require the 24-hour skilled nursing care found in skilled nursing centers. At The Oasis, we provide three levels of assisted living services, including memory care.

Our private studio apartments are designed to emphasize comfort and security. Each unit features high ceilings, a kitchenette, spacious bathroom, walk-in shower, and safety bars for support.

Prior to admission, our Assisted Living Director will conduct an assessment with each resident, in order to determine which level of care will best fit the resident's needs. The care plan is then reviewed with the resident and/or the resident's representation upon admission.

Levels of Care

Assisted Living at The Oasis

Level 1 *Supervisory Care*

In Supervisory Care, our certified caregivers provide some assistance with activities of daily living, including meal preparation, housekeeping and laundry. Residents receiving Supervisory Care services must be able to ambulate without staff assistance, toilet, bathe & dress independently, and be able to communicate their needs and make safety decisions appropriately.

Level 2 *Personal Care*

In Personal Care, our certified caregivers provide moderate assistance with activities of daily living, such as bathing, dressing, incontinence management and medication management.

Level 3 *Directed Care*

In Directed Care, our certified caregivers provide a higher level of assistance with activities of daily living such as ambulation, bathing, toileting, dressing, selecting menu items in the dining room and medication management.
