The time for Resident Appreciation is here! We want to show our gratitude to all of our residents by hosting a week of festivities from September 9th to 14th. There will be plenty of fun events, entertainment, and delicious food for everyone to enjoy. In addition to the physical events, we will also have a Spirit Week. Each time you dress up according to the theme and have your photo taken at the front desk, you will be entered into a raffle for a chance to win \$50! As we look forward to cooler temperatures, we encourage everyone to stay hydrated. Happy September! We are excited to celebrate with you!

We Appreciate Our Residents!

THE HANDIWORK OF GOD:

September was always a month that displayed the handiwork of the Lord to me. As a young man, it was the ripening of the grain in the fields that was yet another confirmation that the seasons are here and planting and harvesting have happened again. It was just like the Lord promised Noah and all his descendants right after the flood: “As long as the earth endures, seedtime and harvest, cold and heat, summer and winter, day and night will never cease.” Genesis 8:23.

As I grew and continued in my education and training, it was the start of school: Elementary, High School, University, Seminary, and Doctoral Studies where the constant emphasis on learning showed me that God had had a hand in all that was made, discovered and recorded. No new thoughts have been created, they are only discovered and recorded, “What has been will be again, what has been done will be done again, there is nothing new under the sun. Is there anything of which one can say, ‘Look! This is something new?’ It was here already, long ago. It was here before our time.” Ecclesiastes 1:9-10.

In our election this year there will be a proposition about abortions in Arizona and it is called Proposition 139—I would ask you to read Psalm 139 several times before you vote on this vital bill. I think you will see the handiwork of God is obvious. God works through principles not coincidences.

God bless you, Chaplain Tom Haney

National Grandparents Day

On the Sunday following Labor Day, National Grandparents Day honors the love only grandparents can provide.

When grandchildren need a story, grandparents tell the best. A grandparent's wealth of family history and lore offers lessons of their own. Through humorous stories and some serious ones, grandparents gently point grandchildren in the right direction.

In 2004, the National Grandparents Day Council of Chula Vista, California announced a song for the day. *A Song for Grandma and Grandpa* by Johnny Prill became the official song of the United States National Grandparents Day holiday. The Council presented Prill with the National Songwriter's Award for his song, too.

As the number of grandparents grows from 65 million in 2011 to 80 million in 2020, expect the observance to increase in significance, too.
