

Memory Care | Reflections at The Oasis

At Reflections Memory Care in Phoenix, we understand that you and your loved one are more than their diagnosis.

We take a person-centered approach to caring for our residents with dementia. Focusing on their daily comfort and anticipating their needs rather than responding to them ensures that our residents experience a high quality of life in a safe and supportive environment.

Our building is located within the same gated community as Fellowship Square Phoenix. As a secured unit, we can care for residents with wandering behaviors.

Memory care residents receive Level 3 Directed Care services. Our certified caregivers provide a higher level of assistance with activities of daily living such as ambulation, bathing, toileting, dressing, selecting menu items in the dining room, and medication management.
