Burger King

New Team Member!

Hi, I'm Christy. I am the Resident Services Coordinator here at Fellowship Square. I have worn many hats throughout my adult life and appreciate every opportunity that I have been blessed with! I have lived in Tucson since 1995 and have worked on/off in the healthcare field since 1996. I have explored a lot of different fields in the past 28 years and ventured onto various paths in my education. I have an associate's degree in healthcare administration, a bachelor's degree in criminal justice, and a master's degree in counseling.

My passion for helping others and supporting them with living their best life led me to Fellowship Square. When I saw that there was an opportunity to support this community and the residents, I knew I had to apply! It immediately captured my interest, and now here I am! I believe that everyone should be treated with respect and dignity. I recognize and work to support the individual needs of others and do what I can to encourage their independence.

I am delighted to be a part of a community where I am not only making lives better for others, but for myself as well. I am looking forward to supporting you all! Please reach out and let me know how resident services can assist you.
