Let the Son shine!

For the past twelve years, the month of March in the great Northwest always came with many challenges for Janis and me; with the vast mountains of North Idaho often bringing with it - its own inclement challenges of "March Madness." Often, we would awaken to a cold morning blanketed by a fresh layer of snow or soaked and chilled with an inch or two of rain. Yet, at times we would be witness to the most perfect of mornings, filled with an abundance of blue skies and illuminated by the warm sun! One way or another, that morning weather would serve as our daily guide, steering us either to the great outdoors, or luring us to a comfy place, all bundled up and sitting quietly in front of the fireplace!

Living now in the beautiful Phoenix area, we are witness to an entirely new way of seeing and experiencing the month of March. With its cool evening and sun-filled days, we find ourselves roaming and hiking through the mountains and deserts in the "Valley of the Sun," seeing new life anywhere and everywhere!

Though the March season in the North and South may share the same name, the weather can produce such different results. Much like our lives as we "weather" the days of whatever "season" we may find ourselves in.

I thank God that you and I have a Savior that knows us and understands all the "fronts" we face and has a forecast for this March like no other! Join me brothers and sisters, as we move in and through this month, letting the *Son shine, in all that we think, say, and do!*

And may you go out each and every blessed day, seeking the *Son in everyone you meet; and may everyone you meet, see the Son in you!*
