Frequently Asked Questions

CURANA HEALTH CLINIC

Will Curana Health take my health insurance?

Yes! Curana Health bills insurance just like a regular doctor's office.

Can I continue to see my primary doctor?

Of course! Curana Health Clinic providers can see you whether we are your primary doctor or not. However, if you decide to switch to one of our providers for primary care, that is always an option.

Can I use the clinic for sick visits?

Absolutely! You can think of the Curana Health Clinic as a regular urgent care. Walk-ins are always welcome, or you can call **602-613-5917** to schedule an appointment.

If I can't make it to the clinic, can someone see me in my home?

Yes! We understand that our patients cannot always physically come into our clinic, so you can call to schedule an in-home visit!

What types of services does Curana Health Clinic offer?

Curana Health Clinic offers a wide variety of services, like blood pressure checks, ear cleanings, lab draws, therapeutic injections, medication management and refills, and a host of other services.

Will Curana Health providers work with my specialists?

It's what we do. At Curana Health, our goal is to provide comprehensive care for our patients, so we coordinate with any doctors or specialists you may see to ensure the best care.

Can Curana Health send notes to my primary doctor?

Yes. Our providers will always send any visit notes with doctors, including your primary care doctor, to make sure everyone is up-to-date on your care.
